

# PRODUCT CATALOGUE

Colortek is a decorative retail concept with international presence providing home owners, architects, interior designers and professional painters with unique decorative wall and floor finishes. Colortek delivers a memorable customer experience through a process of discovery that answers all our clients' creative needs while providing them with all the tools, advice and training required to facilitate their choice. Third-party certified products, manufactured following international safety and performance standards are at the core of the Colortek experience and the foundation of our added value and passion for creative wall and floor design.
